**MORE THAN  
JUST A JOURNEY!**

## ABOUT MILESTONE

Milestone is a modern tyre brand that focuses on quality, reliability and driving pleasure. With attention to technology and detail, we develop tyres that perform under a variety of conditions – with control, safety and smooth driving behavior as the starting point.

## RELIABLE QUALITY WITH EVERY RIDE

Our tyres are produced on modern production lines and meet the highest standards of safety and quality. Thanks to advanced tread designs, durable materials and low rolling resistance, Milestone combines comfort with grip and efficiency. This way we offer a tyre that suits both daily use and long journeys.

Milestone is available in a wide range of summer, all-season and winter tyres for passenger cars, SUVs and commercial vehicles.

MORE THAN JUST A JOURNEY!

**SUMMER** 

## MZ01

The Milestone MZ01 is a summer tyre for compact and small passenger cars. The tyre offers comfort, grip and stability, even on rainy days.

### FEATURES

- The profile provides extra comfort and grip, even during heavy rain showers
- Unique design provides greater stability and control when steering
- Reinforced edges reduce slippage and ensure longer life

**AVAILABLE IN 10" & 12" – 17"**

# MZ01Z

The Milestone MZ01Z is a summer tyre for middle-class and luxury cars. It combines grip, comfort and efficiency for safe and relaxed driving, even in summer rain showers.

## FEATURES

- Advanced tread pattern provides stable road holding and confidence on every ride
- Smart water drainage helps in wet weather, for extra grip and control during summer showers
- Fuel-saving design reduces consumption and emissions — good for your wallet and the environment

**AVAILABLE IN 16" – 22"**

## MZ1HT

The Milestone MZ1HT is a summer tyre for SUVs. It combines comfort with a quiet driving experience and delivers excellent performance in all weather conditions.

### FEATURES

- Less noise thanks to a quiet profile: comfortable driving, even on longer journeys
- Flexible rubber absorbs vibrations, providing extra comfort on the road
- Deep grooves quickly drain water for grip and confidence in rainy weather

**AVAILABLE IN 16" – 18"**

# MZ01S

The Milestone MZ01S is a summer tyre for sporty SUVs. It offers better handling, comfort and safety, even on wet roads.

## FEATURES

- Special design provides grip and a quiet ride, even at higher speeds
- Wide grooves quickly drain water for greater stability on rainy days
- Energy-saving design increases range by up to 7%, so you can refuel less often

**AVAILABLE IN 19" – 20"**

## MZ01V

The Milestone MZ01V is a summer tyre for commercial vehicles. The tyre is made for high mileage, with comfort and safety in both dry weather and summer rain showers.

### FEATURES

- Effective water-draining profile provides grip and stability on wet roads
- Durable design provides long lasting performance, ideal for intensive and daily use
- Extra reinforced tire construction for high load capacity

**AVAILABLE IN 10" & 12" – 17"**

**MORE THAN JUST A JOURNEY!**

**ALL-SEASON**

## MA01

The Milestone MA01 is an all-season tyre for passenger cars. This tyre offers grip, comfort and safety in every season. Whether you drive in the sun, rain or snow: the Milestone MA01 provides confidence on the road.

## FEATURES

- Reliable grip in all weather conditions, from summer heat to winter slippery conditions
- Less noise and vibration for a quieter and more comfortable driving experience
- Remains stable and safe, even at higher speeds or on wet roads

AVAILABLE IN 13" – 20"

# MA01V

The Milestone MA01V is an all-season tyre for commercial vehicles. This tyre offers the strength and reliability you need for every trip, regardless of the season.

## FEATURES

- Strong enough for heavy loads and rough roads, ideal for daily intensive use
- Stays flexible in the cold and firm in the heat for top performance all year round
- Special grooves quickly drain water and provide extra grip on wet and snowy roads

**AVAILABLE IN 15" – 17"**

**MORE THAN JUST A JOURNEY!**

**WINTER**

# MW01

The Milestone MW01 is a winter tyre for passenger cars. It offers reliable grip, control and comfort in winter conditions such as rain and snow.

## FEATURES

- Flexible rubber and tread provide good grip and traction on snowy and icy roads
- Provides stability and comfort on both dry and slippery winter roads, including improved braking and cornering performance
- Consistent performance throughout the life of the tire for continued winter safety

**AVAILABLE IN 13" – 15"**

## MW01W

The Milestone MW01W is a winter tyre for cars in the mid and higher segment. This tyre offers excellent grip and control in winter conditions, thanks to a cleverly designed tread pattern and advanced technologies.

### FEATURES

- V-shaped tread quickly sheds snow and mud for more grip and control on slippery roads
- Crossed blocks and 3D notches work together for added safety when braking and cornering
- Wide, even tread pattern provides long, consistent service life

AVAILABLE IN 16" – 20"

# MW01V

The Milestone MW01V is a winter tyre for light commercial vehicles. The tyre combines extra load capacity with reliable performance in winter conditions.

## FEATURES

- Extra strong double layer construction provides reliable support for heavy loads
- Smart profile quickly drains water for greater control and safety on wet roads
- Special tread provides grip and braking power on snowy and icy surfaces

**AVAILABLE IN 15" – 16"**
